Largess

Greetings once again! Their Magesties Kenric and Dagmar are putting out a call for Largess. The coffers are down to the last chest, limiting our ability to showcase the wonderful works of art that the West Kingdom is known for.

The focus is on our Treasures, for without them the Kingdom cannot grow. However, all donations will be gratefully accepted and gifted to our cousins across the Known World.

If you would like to donate or need ideas please reach out to me or Their Magesties HOC Theia (Heather English)

Who's Who Pages & Photos from Hirsch – Golem Herald

History site code update: I have achieved success in the ability to send updates to photos from the Who's Who pages, as sometimes that is where you are when you see a photo that needs correcting. This works for both the Misc. People photo gallery (if there is one on that page) and the Event Photo gallery (if there is one on that page). Works the same way it does for event photos – click the "mail" icon in the titlebar, it will grab the necessary information from the database (including the filename, etc.) and any information you provide, and email it to me ... (the tricky part is that the two galleries are from different parts of the site, and they don't work quite the same as each other, so I hard to work all that out...). And there y'go, a little more help making sure the information is correct.

Pennsic University

Happy New Year, and greetings from the Pennsic University staff!

We are looking forward to summer and spending time with friends at Pennsic and we know many of you are as well. We are hard at work already, improving the tools we use to do our job and finding ways to enhance your university experience.

The first and most important job we needed to tackle was moving Thing to a new server, unfortunately we ran into some hiccups in the process which is why those of you that have tried to access Thing have been unable to do so.

We know you are all eager to start registering, but we ask you to please be patient with us as we straighten out the issue. Once Thing is back up and running we will send out another missive letting all of you know that we are back in business and ready for you to start scheduling classes.

Please stay tuned!
