# From The Kingdom Chronicle

Greetings to the Good Citizens of Ealdormere,

Welcome to the "Battlefields, Signs & Portants" edition where famous ancient and medieval battles are matched with an appropriate zodiac sign.

This year's Feast of the Hare has an Astrological theme. This fairly inexplicable issue of the Vox Borealis is in support of that endeavour. Thank you to all who have shared their signs with me.

In medieval times, astrology was a widely accepted and practiced discipline. It was deeply intertwined with various aspects of life and even political decision-making.

This issue of the Vox is not that. This is for entertainment purposes. Please don't base any life decisions on the horoscopes contained in this issue. The only stars that were consulted in the creation of this document are the ones circling the fighter's helms.

In studying the stars, this issue explores the future. The AI suggested some of the horoscope content. With apologies to our talented kingdom artists, just for fun, much of the artwork is generated by an AI (<https://creator.nightcafe.studio/>). Signs of the future to come? Alexa and her friend Siri aren't saying.

Cheerfully in Service,

Duchess Kaylah, Kingdom Chronicler

# Aries : March 21- April 19

Bold Aries charges, no challenge too great,  
Leaping through fires, ignoring their fate.  
The ram doth charge, a fury bold,  
Ye broke three spears and ignored the "Hold".  
Impatient and daring, with gusto aglow,  
If you need something fixed, watch Aries go!

## **Battle: Battle of Marathon (490 BCE)**

**Why:** Bold, headstrong, and fearless, Aries thrives in heroic, last-stand energy.

At Marathon, vastly outnumbered Athenians charged first, defying logic — and won. That's pure Aries energy: attack now, think later.

**Motto:** "First into battle, last to think it through!"

**Forecast for coming year:** You have fiery enthusiasm, but reconsider bringing a flamethrower to your next event. You'll feel unstoppable this year! Your fiery energy will propel you forward like an arrow - remember to tie your shoelaces before you sprint towards greatness. Avoid mysterious poisons labelled "Ye Olde Detox Cleanse". Your lucky charm this year is a slightly bent candle. Don't ask why. Just light it and wink knowingly

**For Combatants:** Beware sudden impulses to battle. Just because someone insulted your cloak doesn't mean they deserve a duel at dawn. Although, we all agree your cloak is stunning!

**At the Evening Ball:** Your fiery energy may lead you to challenge the dance master to a *Galliard*. You'll win of course - because everyone else is too tired to keep up.

## **Persona Harmonious with Aries: Potter**

You're fired up - literally - and ready to mold greatness from mud. Patrons may call you eccentric. You call it visionary. Who doesn't want a goblet with a built in whistle and rams horns? The kiln is your friend, unless it explodes. Then it's a lesson.

**Lucky numbers:** 2<sup>3</sup> - problems escalate exponentially;

15 - times you help others each day;

404 - patience not found.

**Ealdormerians in the House of Aries:** Sir Bealdgar Thorbeaornsson, Sir Maneke mit der Bardem,  
Master Gajin Bahadur, Eleanor Graham

# Taurus : April 20 ~ May 20

Steel-clad bull with stubborn pride,  
Won't leave the field, though pierced in side.  
"Tis but a scratch," thou say'st again—  
Then nap mid-melee in the rain.  
Thy helm? Bedazzled. Purely vain.

## **Battle: Siege of Constantinople (717-718)**

**Why:** Taurus is stubborn, determined, and almost impossible to move. The Byzantines, under siege for a year by the Umayyad Caliphate, held strong behind impenetrable walls. Patience, defense, and endurance — all pure Taurus.

**Motto:** "Let them come. I'll still be standing."

**Forecast for coming year:** Your grounded nature is a superpower, especially when everyone else is losing their minds. Embrace your inner sloth; naps are practically mandatory. Try not to eat all the snacks in one sitting. Remember, sharing is caring... unless it's the last slice of pizza. Embrace your stubborn streak, but consider compromising on the pineapple on pizza debate, it's not worth losing friends over.

**For Combatants:** You are the unstoppable siege tank on foot. You're not lazy, you are strategically conserving energy. This week, you may be asked to leave the battlefield because you've set up a picnic on the front lines. Refuse politely while offering the marshal some cheese. Love blooms when someone notices you've washed your gambeson.

**At the Evening Ball:** You value comfort, so while others are dancing the *Branle*, you're eying the feast table. Your graceful footwork during the *Earl of Salisbury Pavan* will turn heads, possible towards the desserts.

## **Persona Harmonious with Taurus:** Well Dressed and Helpful Courtier

Not all heroes wear armour. Some wear linen. Lots of linen. You're a rock—strong, reliable, and helpful to all who need help finishing projects from costuming to emptying that keg. Take a leisurely wander through merchant's row, pretending not to buy more trim.

**Lucky numbers:** 8 - seconds of flawless footwork before your opponent blinks;

12 - inches the target shifted while your arrow was mid-flight;

420 - For chill vibes;

**Ealdormerians in the House of Taurus:** Sir Kolbjorn Skatkaupandi, Mistress Matilda of Swynford, Master Percival de la Rocque, Baroness Eleanor of Bonwicke, Baroness Meredyth Llwellyn, Baroness Brigit Larkin, Master Tonis van Hoorn, Nico of Caldrihtig

## Gemini : May 21- June 20

Dost thou fight or dost thou jest?  
One twin parries, t'other rests.  
In tourney loud, thy banter flies,  
Confuse thy foes with snark and lies.  
"Split personality"—weaponized.

### **Battle: Battle of Cannae (216 BCE)**

**Why:** Cannae was Hannibal's masterclass in deception and mobility — a double envelopment that confused and crushed a numerically superior Roman force. Trickery, communication, and duality? Very Gemini.

**Motto:** "Double the charm, twice the stab."

**Forecast for coming year:** Your multi-tasking brain is on fire, but unfortunately it's the kind of fire that starts in the A&S tent by a candle left near the wool dyeing demo. Avoid any sentences that begins with "I can probably finish that before court." Try choosing your beverages by flipping a coin. Or just order everything.

**For Combatants:** You say you're fighting for good clean fun, but you're really in it for the chaos. You talk enemies into surrendering, then pickpocket them mid-hug. This week, your sword and dagger may start arguing. Out loud. With different accents. Because of your dual nature, fighting with two swords may lead to success.

**At the Evening Ball:** You can't decide if you want to lead or follow in the *Black Nag*, so you'll do both, sometimes at the same time. Appropriate footwear is recommended as your dance partner might "accidentally" step on your toes during *Hole in the Wall*.

### **Persona Harmonious with Gemini:** Court Jester with a Clipboard

You've volunteered for too many things again, haven't you? You may inexplicably be mistaken for a herald, scribe and possibly the event steward. Embrace that, and people will think you're in charge and give you free snacks. Actually, you might be in charge - check the Tiding for confirmation. If you can't be on time, be so entertaining that no one notices.

**Lucky numbers:** 88 - infinity, but twice, like your dual nature;

22 -double twos=double trouble;

2<sup>4</sup> - the number of your arrows currently hiding out in the field

**Ealdormerians in the House of Gemini:** King Tristham Ovrina I Groffa, Viscount Mordain Blackcloak, Baron Don the Duckman, Baron Justinian Clarus, Baron Alexandar Gladstone, THL Yoshikuri Nagayori, THL Fischer of Ben Dunfirth, Noble Philomena Lancione, Lagu May of ye Wolde, Naomi the Bard

# Cancer : June 21 ~ July 22

A crusty crab, but kind of heart,  
Thou swing'st a glaive, then tak'st no part.  
Thy shield be high, thy tears well near—  
A hug mid-battle? Get thee clear.  
With heart so kind and mind so wise,  
Selfless service is your franchise!

## **Battle: Battle of Stamford Bridge (1066)**

**Why:** Cancer fights hardest when defending home or kin. At Stamford Bridge, King Harold of England marched 185 miles in 4 days to defend his homeland — and won. Then, heartbreakingly, had to face another invasion days later.

**Motto:** "My shell is strong, my heart stronger."

**Forecast for coming year:** Your heart is pure embroidery floss. The moon lingers over the scriptorium, so your thoughts may wander like an unpaid scribe after ale hour. Scribal tasks may multiply like rats. Pace yourself to avoid "quill wrist". Challenge the wordsmith who tried to rhyme "dungeon" with "fun one".

**For Combatants:** You wear full plate to protect your delicate heart. You cry after victory and apologize after defeat. You may try to comfort a wounded enemy mid-duel. Good news: they also need a hug. Bad news: they still stab you.

**At the Evening Ball:** You have the ability! Arrange your friends into a perfect *Petite Rinese* sets, because two is company and three is just plain fun.

## **Persona Harmonious with Cancer:** Castle Steward

Cancer is known to be trustworthy, but suspiciously near the pantry. Stop hoarding bread crusts. Just remember that crying over spilled coffee is only acceptable when it's a double shot latte. You spend half your event helping others. You came out for hugs, stayed for feast and accidentally ran the whole event.

**Lucky numbers:** 3 - you like to mix it up and dance in groups of 3!

17 - the number of authentic, documentable goblets you own;

24 - extra chairs you've packed in case someone forgot theirs

911 - just in case someone criticizes your cooking.

**Ealdormerians in the House of Cancer:** Duchess Marioun Golightly, Master Penn de Moranza, Mistress Lucia d'Morenza, Sir Richard Larmer

## Leo : July 23 ~ August 22

Thy tabard shines, thou strut'st so proud,  
Announceth self mid-fight aloud.  
Dramatic Leo takes the stage,  
With roaring heart and noble rage.  
Looking fierce in armor heap.  
Still victorious, though sound asleep.

### **Battle: Battle of Hastings (1066)**

**Why:** Hastings was drama, spectacle, ambition, and a king dying in glory — all things Leo lives for. William the Conqueror took a crown by fire and sword, sealing his legend. It was personal, regal, and theatrical.

**Motto:** "All this blood, and I still look good."

**Forecast for coming year:** Your garb game is strong, your persona has three documented ancestors, and your ability to appear in every group photo is unmatched. Your natural charm and magnetic personality are superpowers, to be used cautiously when debating with Duchesses. Remember, if you can't find the person in charge... it's probably you.

**For Combatants:** You get a fanfare before entering any battle. Your armor sparkles. Your steed's colours match your heraldry. This week, you'll slay a dozen foes — but trip dramatically on your own cape. It's fine. You looked fantastic.

**At the Evening Ball:** Expect applause after your every *Salarello*. If you clap, others will too! Go ahead and lead the laughter with your friends in a joyous rendition of *Gathering Peascods*.

### **Persona Harmonious with Leo:** Town Crier

You add flair, fireworks and sometimes interpretive dance to announcements. Your voice is a powerful instrument, beware of waking the Dukes sleeping in the back row at court. Try not to correct the herald during court, unless of course, you are the herald.

**Lucky numbers:** 1 - because obviously;

10 - the number of selfies you'd take with authentic sword hilts;

100% - attention to all projects

**Ealdormerians in the House of Leo:** Queen Anneke the Furious, Duke Ed the Red, Master Albrecht Stampfer, Baroness Gina Dragoni, THL Matthauss Lindenhayn von Schaffhausen, Noble Avis of Caldrithig, Carolyn of Caldrithig

# Virgo : August 23 ~ September 22

Thou check'st thy stance, thy sword, thy form—  
Corrected five knights mid the storm.  
Diligent, tidy, a mind sharp and neat,  
Virgo keeps order from the fields to the street.  
As a scribe or scholar, Virgo's top of the class,  
Correcting thine grammar and counting thine brass.

## **Battle: Battle of Tours (732)**

**Why:** Virgo plans meticulously. Charles Martel's defensive strategy was calculated, controlled, and tactically clean — stopping the Muslim expansion into Western Europe. Virgo wins with structure and precision.

**Motto:** "Calculated victory is the only victory."

**Forecast for coming year:** Your perfectionist tendencies will go unmatched this year as you fully embrace your A&S project and go all-in on alphabetizing your spice rack according to their molecular weights. You may go to A&S to relax, but will end up helping with your 12-tab spreadsheet. You are a finely tuned war machine disguised as a polite, well-dressed gentle.

**For Combatants:** Your enemies fear your potions — and your ability to schedule their defeat down to the minute. This week, your spreadsheet of enemy weaknesses wins a war before it even starts. This year your stars align in the house of "Please Hold Your Formation". Check your diagrams before charging.

**At the Evening Ball:** You know every step of *La Volta*, and while your perfectionism impresses the dance master, you may terrify your partner if you lift them too high. Remember *Bransle de Chevaux* is for fun, not a military drill, go ahead and paw the ground. And yes, the musical time signature deserves respect, even in difficult times such as 12/8.

## **Persona Harmonious with Virgo: Healer**

**If you follow that star:** Your herbal salves are flawless, but your patience for idiots is not. Expect to roll your eyes so hard this week they'll mistake it for a curse. Try to avoid yelling "That's not how leeches WORK" at the plague cart driver. Another patient with "accidental sword-to-face syndrome" needs your help.

**Lucky numbers:** 3.14 - because decimal perfection is beautiful,

411- for research,

1337- you are elite indeed!

**Ealdormerians in the House of Virgo:** Princess Laura Batista, Countess Isabel, Mistress Petra of Septentria, Baroness Sibylla of Glyndmere, Baron Jorgan Lennertson, Lady Isabella von Sachsen, Lord Philib mac Daibhidh, Lydia of Tyldenne, Odilia Philippot

# Libra : September 23 - October 22

"Let's talk this through," thou oft declaim,  
Whilst foes swing broadswords all aflame.  
Graceful in speech, with wit to dispense,  
Libra shines in the art of defense.  
Settling quarrels with charm innate.  
Balancing truth and keeping folk straight!

## **Battle: Battle of the Catalaunian Plains (451)**

**Why:** Libra thrives in diplomacy and balance — and this was a rare time when Romans and Germanic tribes allied to stop Attila the Hun. Balance between chaos and civilization was literally at stake.

**Motto:** "A fair fight is the best fight."

**Forecast for coming year:** Balance is essential as you navigate the delicate art of multiple peerages and dancing a galliard. Remember, moderation is important in everything, except when it comes to dessert. Embrace your diplomatic nature, but stand strong in negotiations over who gets the best seat for court. Not every decision requires a spreadsheet, but you'll create one just for fun.

**For Combatants:** Your sword fights are half combat, half dance-off. You always apologize after killing your opponent. You are fair to all the weapon forms and exercise them regularly.

**At the Evening Ball:** You'll charm everyone with your elegance and sense of balance. Be diplomatic choosing partners for the *Rufty Tufty*. A romantic entanglement may arise during *Earl of Essex Measure*, or maybe you've had too much wine. At the next feast, your graceful *pavane* may suddenly morph into a chaotic *galliard* when someone claps off-beat. With a mysterious smile, pretend it's all just part of the choreography.

## **Persona Harmonious with Libra:** Inter-kingdom Emissary

You insist on talking things out... right before starting a war. This year, you may negotiate peace between feuding sheep farmers. Again. Your legacy shall be in wool. Trust your instincts. And when in doubt, bring cookies. You can't solve all problems, but you can sugarcoat them.

**Lucky numbers:** 4 - one for each side of the debate;

8,16 & 32 - for perfect list trees;

69 - to be fair to all

**Ealdormerians in the House of Libra:** Duchess Kaylah the Cheerful, Duchess Rylyn Buchanan, Mistress Kersteken Janzdochtere, Mistress Catriona inghean Ragnaill, , Master Jamie Blackcloak, Master Cesare Ambrogino di Salvazzi, Baron Henry Foster, Lady Mary Foster, Duke Baldric Leeman of Newcastle Emlyn, Sir Guillaume le Breton, Thomas Grocere

# Scorpio : October 23 ~ November 21

Scorpio's gaze is sharp as a spear,  
Secrets and plots are what they revere.  
The scorpion lurks with dagger sly,  
Thy armor black, thy death glare high.  
Thou flirt, then stab—'tis thine own art.  
Revenge be sweet (and off the chart).

## **Battle: Battle of Teutoburg Forest (9 CE)**

**Why:** Scorpio is all about secrecy, revenge, and deep betrayal. The Germanic tribes, led by Arminius, lured three Roman legions into an ambush in the woods and annihilated them — a dark, devastating victory.

**Motto:** "Smiling while I poison you."

**Forecast for coming year:** Your mysterious aura will intrigue everyone this year. Just remember, lurking in shadows can be creepy, especially when wearing a closed face helm. Channel your intensity into meaningful connections, like a bullseye on the target or a rapier through the heart. Resist the urge to freak out the mundanes by wearing chain maille to Tim Hortons.

**For Combatants:** You kill with elegance and cry with intensity. You've written a eulogy for every person you've "accidentally" poisoned. This week, a dagger in the dark leads to a romance in the rain. Just... check if they're cursed first.

**At the Evening Ball:** Mysterious and intense, you dance the *Pavan* like it's a courtship ritual from which only one will survive. Avoid plotting vengeance if someone cuts in during *Jenny Pluck Pears*.

## **Persona Harmonious with Scorpio: Poetic Assassin**

You stab by moonlight and write angsty verses by candlelight. Expect a new mission this week: deliver vengeance *and* a sonnet to the high seats. Be careful not to mix up your dagger with your quill. Again.

**Lucky numbers:** 007 - mysterious, deadly and overdressed for no reason;

13 - floors in your dungeon;

666 - because, obviously

## **Ealdormerians in the House of Scorpio:**

Duchess Hyrrokin, Master Daniel of Whitby, Mistress Annabelle Makmyllane, Viscountess Genevieve la Flechiere, THL Dave of Ben Dunfirth, Lady Petronill of Seashire

# Sagittarius : November 22 - December 21

A bow in hand, thou snipe from trees,  
Then vanish swift upon the breeze.  
Jovial Sagittarius, restless and bold,  
Charting new lands in search of pure gold.  
With arrows of wit and laughter to share,  
Adventure and song fill the medieval air.

## **Battle: Battle of Carrhae (53 BCE)**

**Why:** Sagittarius is ruled by archery, movement, and far horizons. The Parthians, using superior horse archers, destroyed the Roman forces in the open desert. Mobility and precision over brute force — a Sagittarius masterpiece.

**Motto:** "I shoot first, ask questions never."

**Forecast for coming year:** You are the zodiac's eternal road-tripper. Adventures await, promising excitement and spontaneous moments! Embrace the thrill of adventure when your wanderlust leads you to accidentally attend an event in Iceland. But heads up, impromptu dance-offs during court may not end as well as they do in your imagination. And no, shooting arrows at fish is *not* fishing.

**For Combatants:** "My arrow reaches further than your ambition." Your sense of direction is unmatched, and may cause you to disregard the battle plan in favour of a shortcut.

**At the Evening Ball:** Your *Galliard* leaps will defy gravity and possibly ceiling height. During the *Petit Vriens*, curb your enthusiasm lest you fling your partner halfway across the hall. Give in to temptation and lead the dance into the next room, through the kitchen and out the door. But perhaps not onto the archery range.

**Persona Harmonious with Sagittarius:** The Wandering Archer Philosopher

You shoot from a hundred paces, then write a song about it. This week, your arrows may guide a lost soul — or accidentally hit a roast pig at a royal banquet. Honestly, both would be iconic.

**Lucky numbers:** 12 parsecs - distance you've wandered looking for a party;

420 - all journeys begin with snacks;

1492 - for discovery of a new world

**Ealdormerians in the House of Sagittarius:** Duke Roak of Ealdormere, Duchess Adrielle Kerrec, Sir Brand Thorwaldsen, Duchess Breyla la Vienette, Mistress Marina Anastasia Ozeroski, Mistress Anne Tinker, Baron Penda of Glyndmere, THL Hespeler Bellatrix, Lady Yael bat Shilo mibeit ha Maayan

# Capricorn : December 22 ~ January 19

Steadfast Capricorn, practical and proud,  
Standing out, above the crowd.  
Thou trained for this since age of five,  
Took notes on all, and sparred to thrive.  
Patient and stoic, with talent and grit,  
No structure crumbles if Capricorn built it.

## Battle: Battle of Alesia (52 BCE)

**Why:** Capricorns are all about ambition, endurance, and building something that lasts. Caesar's siege of Alesia showed unmatched discipline and military engineering — double walls, supply lines, and total focus.

**Motto:** "Still fighting while you're whining."

**Forecast for coming year:** Aim high, but remember Rome wasn't built in a day. It could have been if you were there. Your ambitious nature will propel you towards success. Just make sure to wear your lucky socks to all meetings — you never know when they might tip the scales in your favor. Overthinking your morning coffee choice and/or debating the correct sword for each fight leads to an excellent thesis.

**For Combatants:** You train. You plan. You build siege engines in your sleep. This year, you may conquer an entire village just to fix its bad infrastructure. Speaking of fixing- check your shield strap lest it end up swinging like a confused turtle.

**At the Evening Ball:** Your *Belle Qui Tiens Ma Vie* is flawless because practicing isn't cheating. While others frolic in the chaos, you worry about *Sellinger's Round* being a little asymmetrical. It's ok, just go with it.

## Persona Harmonious with Capricorn: Blacksmith

While others chase glory, you're literally making the armour and forging the swords for them to swing joyously at each other. This week, just say "no" to reforging that "ancestral blade" - it's clearly a butter knife and cannot be saved.

**Lucky numbers:** 8 - number of project to do lists;

57- varieties of advice for squires, students, apprentices and proteges

110% - because 100% is for slackers;

## Ealdormerians in the House of Capricorn:

Duke Trumbrand the Wanderer, Master Giovanni de Enzinas, Countess Arlette of the Rozakii,  
Countess Jolecia of Litchfield, Countess Lidr Lang-Akason, Lord Wulfric of the Black Woods

# Aquarius : January 20- February 18

Inventive Aquarius, quirky and bright,  
Dreams up gadgets by candlelight.  
Thou wear'st a helm resistant to fires,  
Proclaim: "More hands, I need more squires!"  
In the heart of the city, their workshop would gleam—  
A medieval inventor with a futuristic scheme!

## Battle: Battle of Zama (202 BCE)

**Why:** Aquarius thrives in innovation and reversal. At Zama, Scipio used Hannibal's own tactics against him, adapting to war elephants with revolutionary strategy. It marked the end of the Second Punic War — and a new era.

**Motto:** "Inventing new ways to defeat you."

**Forecast for coming year:** Someone will try to lure you into a new project saying "It's really small." This is a trap. Your innovative spirit is on overdrive for next year. When you're scribbling genius concepts on the back of napkins or discussing battlefield tactics with the cat, lean into your eccentricity and pile up that documentation. Just be sure to rein it in before you're recruited for a seat on the Board of Directors.

**For Combatants:** Your catapult fires flaming barrels of sarcasm. You've modified your shield with \$12 of materials and dark sorcery, making you frustratingly hard to kill. This week, you will coach a new fighter on footwork geometry, so they don't fight like a windmill on roller skates.

**At the Evening Ball:** Beware of suitors who dance in 2/4 time. Mixed meter will create a new *Bransle of Eternal Confusion*. The future will understand you in about 800 years.

## Persona Harmonious with Aquarius: The Brilliant Alchemist Scribe

You've invented soap, indoor plumbing, and existential dread - centuries early. In the lab, your latest batch of ink will come out *exactly* how you wanted - rich, smooth, waterproof, and slightly terrifying. Someone will ask, "Is this safe?" You'll respond with a noncommittal shrug. You're about to get swamped with commissions. Say no. Or at least pretend to hesitate. Because you're only human and your hand cramps are starting to unionize.

**Lucky numbers:** 42 - the answer to life, the universe and awkward small talk;

7 and 11 for convenience & variety.

5/4 time - for innovation and decluttering

**Ealdormerians in the House of Aquarius:** Prince Crispin Gildensteed, Duchess Jocea Valente, Duke Siegfried Brandbeorn, Viscountess Aelflaeda FitzAlain, Mistress Asa Gormsdottir, Lady Cecilia the Sinister

# Pisces : February 19 ~ March 20

Whimsical Pisces, a dreamer at heart,  
Painting visions and tales that drift far apart.  
A dreamer armed with foam and flair,  
Mid-duel thou weep'st, "This isn't fair!"  
Avoid all quests with soup or pies,  
For thou wilt spill them — thrice — surprise!

## Battle: Battle of Agincourt (1415)

**Why:** Pisces is about dreams, miracles, and poetic tragedy. Agincourt was a miracle against odds — muddy terrain, divine timing, and longbows devastating armored knights.

**Motto:** "When fate calls, even mud becomes a weapon."

**Forecast for coming year:** The stars are aligning dangerously. Maybe avoid court and invest in some bubble wrap. Your whimsical nature is on full display this winter as your imagination is like a wild ocean, swirling with fantastical ideas and dreams. You are a dreamer of frescoes and smudger of ink. You've got big plans: start a new tunic, illuminate a scroll, create five new banners — and you'll get to... one of those. Maybe. Probably. Okay, you at least thought *really hard* about it, and honestly? That counts.

**For Combatants:** You whirl through battle like a poetic fever dream. You're 30% grace, 70% confusion. This week, your mystic aura makes enemies hesitate, unsure whether to fight or join your interpretive war dance. Either way, vibes win.

**At the Evening Ball:** You'll float dreamily through *Rostibolil Gioioso*, unaware that your partner has been three measure behind for the entire dance.

## Persona Harmonious with Pisces: The Dreamy Bard

Your vibe is pure "wandering minstrel with a to-do list they lost three days ago." You sing love ballads to trees and flirt with tablet weaving. This week, be wary of falling in love with a cursed sword. Again. (Seriously, stop serenading weaponry.)

**Lucky numbers:** 33 - projects on the go at once;

11 - daydream level;

1080p - your dreams in full HD

**Ealdormerians in the House of Pisces:** Mistress Eyrny Ormarsdottir, Master Bjarn Aaronson, THL Issa Shimbauguro, Lady Sadb ingen UI Fhaoladh
