Missives

From Their Majesties

Treasured Kingdom of the West,

It is now past midsommer. We have witnessed the battle between Mists and Cynagua, the Investiture of D'aud and Moira; We have witnessed the brilliance of the Kingdom's Artisans; all about us We see Our Kingdom filled with joy and prosperity!

We have the finest heirs a Crown could ask for, and now as you read this, We head off to War, to punish the Wicked King Nicolai! When last We led you, his father had the temerity to attempt to extend the reach of the Summits to our Palatine Barony of Allyshia. This act will not go unpunished! Once the perfidious lion cub is dealt with, our travels continue, to the Silver Desert for the Investiture of Raven and Brenna, to the great northlands and the midnight sun - to witness the determination and investiture of our new Coronets of Oertha. Those Principalities secured, We head to distant and fabled Aethelmarc, where We join a confederation of 17 Kingdoms to battle the two-headed Dragon/Tiger manticores that threatens all.

When all monsters have been disposed of, and all our revelries pass, We shall retire in August, and hand the Kingdom over to the new Prince and Princess.

Sigifrith, Your King
Sof'ia Your Queen
