Words of the Crown

Sven and Siobhan, most humble majesties of the Black Dragon Thrones,

Autumn greetings to the populace from Sven and Siobhan.

It is hard to believe that the summer is soon over and We are moving into the Fall season. Our travels have already brought us to many amazing places across this great Kingdom and we have been greeted by the populace with open arms.

Many of Our people even travelled with us to the great Pennsic War. The fierce reputation of the Drachenwald army was once again solidified as not a group to mess with. They fought with honour and We were approached by many gentles from around the Known World praising how chivalrous and fun Our army was to fight. This made Us VERY proud.

Our summer travels have also allowed Us to see the change over of two Baronial territories. Congratulations, again, to Baroness Adele de Chaddwyke and Baroness Rogned Stengrimova, who now rule over the Barony of Eplahemir. And to the East, We were able to witness Aarnimetsä's Investiture of Baroness Elzabeth Münserin and Baron Eduard Tuve. We will remember fondly the feast and the story of the Kaleva for years to come.

As we look to the Fall we begin to feel the excitement of the upcoming Crown Tournament, which will be held in the Shire of Unikankare (Finland). As a reminder, letters of intent should be sent by all those who wish to participate. The relevant information about participation in this fantastic tournament can be found on the Kingdom web page. An online form for submitting your Letter Of Intent has been created and we encourage you to use this. The link is available on the Kingdom website. The deadline for your LOI is September 15. Note that the event staff has set aside spots for participants in the tournament. If you have not registered for the event, do so, and mention that you are a participant in the tournament. If you have ANY questions about your eligibility to participate after reading the relevant Kingdom law section, please contact Us!

We are also happy to announce that the Kingdom Seneschal and Ourselves have received and accepted a bid for 12th Night Coronation, 2024. It will be held in the Barony of Knights Crossing (mundanely Münchsteinach, Germany) the weekend of January 12th-14th, 2024. This is after the "preferred" weekend that is stated in Kingdom Law. Because We have accepted the bid, the "preferred" weekend of January 5th-7th is now open to be used for any event in the Kingdom.

We hope you and your family (chosen or otherwise) have a great start to the Fall season and we look forward to meeting many of you along our travels.

Court Reports

Spring Crown Tourney A.S. 57 1 Apr 2023 - Knights Crossing

Ruling Royals: **Baroness Katherina of Knights Crossing**
Court Herald: *Dominic Beniamin*

Gesellschaft der Sterne

Aurora of Wolverhampton - scroll given (Illumination by Kazariyya al Wahid, Calligraphy by Ellisa von Berenklaw), token given (Star was cut from the Baroness' dress. These stars were previously made by various members of the Knight's Crossing populace.)

Furthermore:

- Her Excellency then called before Her a man of the cloth for whom She had an envelope with a secret message for his eyes only. Fra Ralf has been sent by his order on a top sacred mission. We wish him fair winds and following seas!
- Now, dear noble reader, I must bring to your attention less pleasant news. Distressing even! One may mistakenly think that all is well in Drachenwald. Oh, how I wish it were so! Alas, I have received reports which paint a different image. Late one evening, His Majesty, King Krake, discovered a certain small person sitting upon his throne with the Sword of State. Victoria of Turmstadt, knowing that she could not best Him, resorted to crying and His Majesty granted her mercy and pity. It has also been said that Victoria of Turmstadt has formed a heretical cult, which has seduced many. Lord Lars Thorgrimsson was seen bowing before her, as one might bow before an altar. The inaction regarding this is most troubling. A lesson here is quite obvious: Those who sleep in court may very well be exhausted by their own devious plans. Those who do not attend court are likely in league with them. Be wary, my friends!

- Then did Memorantia, Schwarzdrachen approach them, and did homage and swore fealty
- At this point, their Majesties welcomed all the new comers.
- Then did Her Majesty, our Queen appoint herself an archery champion, Anneke and His Majesty was very jealous. His Majesty was advised that him too could find a champion from Aarnimetsä and he picked Kerttu and was no longer sad. A contest between the two was planned to Double Wars

- Their Excellencies also made a point of recognising the importance of newcomers and young people in the Barony, calling them up to receive small tokens as a sign of their appreciation. The Tale of the Black Dragon and the Adventure in Drachenwald

Authors: Elfwynn of York, Annie (9 years), Greta (8 years), Edvard (8 years), Emma (7 years), Mia (5 years), Ylva (4 years)
Created using story dice and imagination during Double Wars XXXIV.

Once upon a time there were three princesses who lived in the kingdom of Drachenwald. One day they decided to go on an adventure. They had been told that if you found a black dragon it could grant a wish.

The first princess' wish was to rule the kingdom herself, the second princess wanted to be queen of her own kingdom, and the last princess wanted to remain princess of Drachenwald so she could decide for herself what to do and where to live.

The princesses came to a meadow. One flower was magical and if you picked it, a magical portal would appear according to legend. But it was very difficult to find the magic flower as all the flowers in the meadow looked the same!

The first princess took out her bow and a magic arrow which she shot straight into the air so it could help them find the flower. But instead, the arrow hit a sheep grazing on the meadow!

The sheep walked right up to the magic flower and the arrow was gone!

When the princesses picked the flower, a little house came out of the ground. The princesses carefully walked towards the house and when they grabbed the door handle, the little house turned into a big castle!

Out of the gate rushed a great monster and roared – DO NOT BE AFRAID, I AM A NICE MONSTER!

The monster invited the princesses inside and fed them lemonade and cookies. Looking around inside the castle, they saw a large abacus by the door,

and in the stone floor in

the middle of the great hall someone had carved a large compass rose. The princesses asked the monster what the abacus and the big compass rose were doing there, to which the monster replied puzzled – Which compass and which abacus??

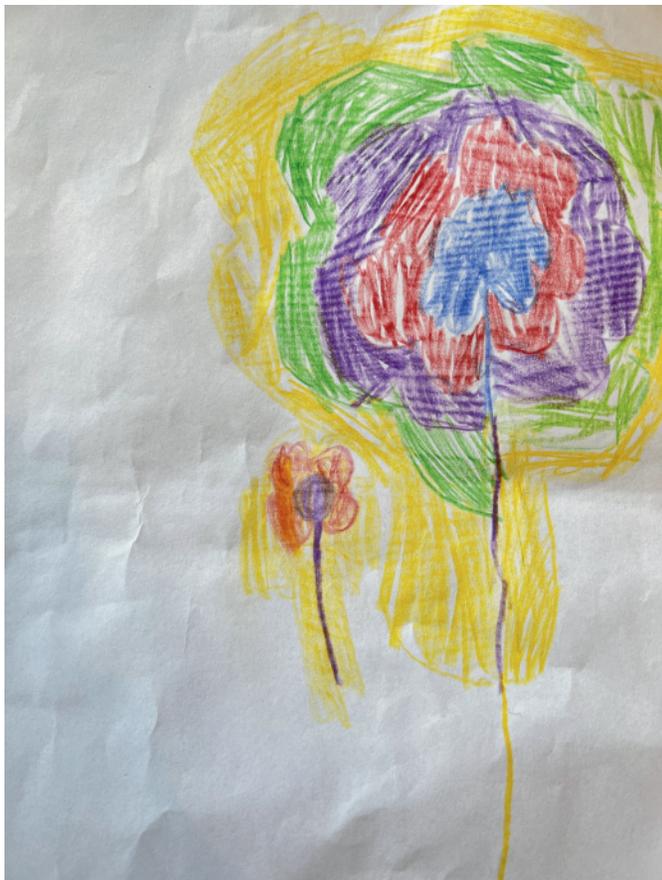

Then the princesses realized that the abacus and compass were magical and that they needed to use them to open the portal. They immediately started looking for more clues in the great hall and finally found an old book with a colour pattern. They moved the big balls on the abacus in the same pattern and all of a sudden, the big compass rose on the floor turned into a portal!

The princesses jumped straight into the portal.

When they came out the other side, they found themselves in the middle of a campsite in the mundane world. In front of them they saw mysterious tracks leading straight into the forest. Above the forest hovered a hot air balloon, but the princesses did not know what it was as there were no such things in Drachenwald.

The princesses took a closer look at the footprints and realized they were dragon tracks! Deep into the forest, in the same direction as the tracks, they saw a light and they decided to follow it.

The light came from a large scale that was set up in a clearing in the middle of the forest. In one end sat the black dragon, chained, and on the other was a telephone. The strange thing was that even though the dragon was so much larger than the phone, the scales were equal!

The second princess picked up a large match from her bag and with it they were able to light the chain on fire and make it melt. The dragon was free!

As soon as the dragon jumped out of the weighing bowl, a large magical rainbow appeared in the sky. The dragon walked up it with the phone in his arms and motioned for the princesses to follow.

- Thank you for setting me free, what are your wishes?

The rainbow had led them back to their own world and the castle on the meadow. The princesses looked out over the landscape and contemplated for a while. In the end, they concluded that they still had the same desires as when they set out on the adventure.

So, the first princess became queen of Drachenwald, the second princess became queen of Fantasia where the meadow, magical castle and portal were so she could visit the mundane world whenever she wanted, and the third princess remained princess of Drachenwald so she could continue to decide for herself.

The princesses asked the dragon about the phone on the scale and how they could weigh the same. The dragon explained that the phone was an enchanted dragon that had been transformed exactly 100 years ago. Suddenly the phone in the dragon's arms began to shake and it fell onto the meadow. A bright light caused all four to turn away to avoid being blinded, and when the bright light subsided, a beautiful black dragon stood there instead. The spell was broken!

The enchanted dragon accompanied the new queen and princess back to the kingdom of Drachenwald and the other remained with the new queen of Fantasia in the magical castle.
