Announcement from the Kingdom Seneschal

On February 22, 2024 Sigifrith and Sof'ia, King and Queen of the West imposed a Temporary Removal of Participation on Ryan Hallgrimson, known in the Society as Leif the Lucky. This sanction remains in place until the final decision of the Board of Directors is entered.

Request for Commentary Omnibus Proposal and Patron Membership

Currently approximately 8000 people around the Knowne World actively participate in target archery, combat archery, siege weapons, thrown weapons and equestrian martial activities. While no ultimate decision has yet been made the Board believes that a proposal of a path to peerage for these individuals is worthy of deep consideration. Having received advice from the Peerage Committee, Directors have discussed the matter and following some minor amendments to language which align the proposed draft of Corpora wording to the existing patent orders, the Board feels that the proposal has matured to the point where commentary on the proposed Corpora wording from members is requested. This commentary will assist the Board in forming further decisions relevant to its consideration of this matter. The draft Corpora language approved for commentary is:

VIII.A.4:

e. *The Order of <Name>*

(i) *Members of the Order of <Name> may choose to swear fealty but are not required to do so. The candidate must have attained the standard of excellence in skill and/or knowledge equal to that of their prospective peers in a pre-17th century martial pursuit as practiced in the SCA, including, and limited to, target archery, combat archery, thrown weapons, equestrian activities, and siege engineers. The candidate must have applied this skill and/or knowledge for the instruction of members and service to the kingdom to an extent above and beyond that normally expected of members of the Society.*

(ii) *The duties of the members of the order are as follows:*

(a) *To set an example of courtesy and chivalrous conduct on and off the field of honor.*

(b) *To respect the Crown of the kingdom; to support and uphold the laws of the kingdom and Corpora.*

(c) *If in fealty, to support and uphold the Crown of their kingdom.*

(d) *To enrich the kingdom by sharing their knowledge and skills.*

(e) *To enhance the renown and defend the honor of the peer's Lady or Lord.*

(f) *To advise the Crown on the advancement of candidates for the Order of <Name>.*

(other sections re-numbered as needed)

Knowing exactly what the people who work, study, and play in the Society want a potential new peerage to achieve and do will be key to moving forward in this discussion. The Board welcomes any additional context that people feel may be of use to the discussion. We are looking for your feedback – as you begin to type up your comments please feel free to include your thoughts on the following questions:

Does this language fill the gap I personally feel exists in the paths to peerage, why or why not?

What is my ideal vision of a new peerage and its members? What virtue will they embody?

EDIT: If you are a financial member of the SCA, please include the relevant information.

The expertise of our community is invaluable, and these responses will contribute significantly to an outcome that positions our Society to meet its goals and future opportunities.

Corpora, including the By-Laws, can be found in its entirety

RE: Omnibus Peerage Proposal

P.O. Box 611928

Commentary regarding this proposed Corpora change, must be received by the Board no later than April 2, 2024.

Patron Membership

As part of the **upcoming addition of a Patron membership**, we invite you to provide commentary on the language changes in Corpora that this update will require. This commentary will assist the Board in forming further decisions relevant to its consideration of this matter.

What is the Patron Membership? It is a membership tier that offers the option of a greater financial contribution to the organisation. Many non-profit organisations offer tiers of membership.

What is the proposed cost of a patron membership? The proposed cost of the patron membership is \$150 a year.

Is it linked to titles or in game recognition? No. Some Kingdoms require paid annual memberships rather than an event membership (non member rate) for awards but this is not a Society wide requirement.

Is it mandatory? No.

Who asked for it? The Corporate Office has received feedback from members at times that this is an option people would like available.

What are the benefits of a Patron membership? The main benefit is knowing that you are contributing to the ongoing administrative functioning of the Society in a way that you prefer. The organisation is providing a small range of options as a gesture of its appreciation for your generosity.

Commentary regarding this proposed Corpora change must be received by the Board no later than May 3, 2024.

Add #6 to Corporate Policies below. In bold.

Corporate Policies, I.B, 1-4 – Membership Types-Non-Statutory Members:

B. Non-Statutory Members

The Board of Directors has designated the following categories of advisory membership. Such advisory members are not members within the meaning of Section 5056 of the California Corporations Code. California law supports the SCA's use of the terms "member" and "membership" in the common English meaning, referring to persons who have paid to be associated with the organization.

1. Sustaining Membership conveys eligibility to hold office in the SCA, a subscription to a Kingdom newsletter, the option to subscribe to other Corporate publications, and any other privileges

designated by the SCA or its subdivisions as accruing to members of the SCA. This type of membership is considered a subscribing membership.

2. International Membership conveys the privileges of Section I.B.1. This membership type is available only in locations outside the United States which are part of the SCA, Inc., and not subject to an affiliate corporation. This type of membership is considered a subscribing membership.

3. Associate Membership conveys eligibility to hold office in the SCA, except where other membership categories are required Governing Documents. Associate membership also entitles the holder to any privileges designated by the SCA or its subdivisions as accruing to members of the SCA, except where another membership type is specifically required by the organization defining the privilege. This type of membership is not considered a subscribing membership.

4. Family Membership extends the privileges of Section I.B.1 to one additional adult and any children aged 21 or younger who live at the same physical address as a member defined in paragraphs B.1-

B.2 of this Article. This type of membership is not considered a subscribing membership.

5. Institutional Membership allows a library or school to subscribe to Tournaments Illuminated and The Compleat Anachronist without acquiring the regional newsletter, and without any of the other privileges of membership. The Board reserves the right to determine whether or not a given

organization qualifies for this membership type

6. Patron Membership conveys all privileges of 1.B.1. along with additional privileges as designated by the SCA. Corpora, including the By-Laws, can be found in its entirety here: <https://www.sca.org/resources/document-library/govdocs/>.

Please email all commentary to SCA-Comments@sca.org and use the title "Patron Level Membership" in the subject line.

NOTE: Do not use attachments in your commentary. Attachments will mark your message as spam and it will be rejected by the server.

New Recruitment

Help Wanted – Scroll Coordinator

My time as Scroll Coordinator for the last reign and this reign has been great but my muse is eager to get back to work on projects I have been putting on hold in order to make scrolls happen in court as much as possible. To that end I am seeking folk interested in being Scroll Coordinators for upcoming reigns. You do not have to do all the scrolls yourself (and shouldn't try because sanity matters). I will gladly train you. If you're not an artist but good at project management this could be an excellent opportunity for you to put those skills to work.

A Scroll Coordinator works with a set of royals and various calligraphers, illuminators, and other artists to provide scrolls to recipients when the awards go out in court. Scroll coordinators may work with Principality or Kingdom Heralds to have scrolls sealed. It is a great opportunity to get more familiar with other artists and requires coordinating the making of and transportation of scrolls as needed.

Please feel free to message me or see me at an event.

Thanks,

Baroness Christel Leake,
OP, OL (she/her)

A&S Competitions : • Competition One: Salt

Salt is the stuff of life; every culture has required its use for not only for its culinary purposes, but also for medicinal, spiritual, and practical uses and can include "salts" like natron used in Egyptian Mummification rituals. Salt has been so valuable that it has inspired common phrases, placenames, and has been used to describe entire peoples. What purposes, traditions, and stories can you share for this valuable commodity?

• Competition Two: Spices - Spices have been used in medicine, religious rituals, cosmetics, or perfume production for their purported health and spiritual benefits. In culinary arts, a spice is any seed, fruit, root, bark, or other plant substance in a form primarily used for flavoring or coloring food. Spices are distinguished from herbs, which are the leaves, flowers, or stems of plants used for flavoring or as a garnish. Spices have always been seen as a luxury and an item of prestige that have inspired some of our longest held traditions. Perfect for a display or richly scented dish!
